Address / Doe: [REDACTED]  
Infringement Date &Time: [REDACTED] AM UTC

Mr. [REDACTED],

I [REDACTED] you as potentially representing Doe No. [REDACTED], IP address [REDACTED] on [REDACTED] [REDACTED] PM GMT for 13-[REDACTED] 95. I have asked for confirmation [REDACTED] this. None has been provided. I assume Ms. [REDACTED] is in addition to this other "Doe [REDACTED]" party.

With respect to Ms. [REDACTED], my questions first pertain to whether or not she is the actual Doe Defendant or if there is another party. Our client has an interest in identifying the actual infringers. If she is not liable then we would like to clear her and work to ascertain the identity of the actual infringer. As per the attached activity tied to this IP address, we need to ascertain who is responsible.

We are prepared to work with the actual liable party, namely we would like to receive a Consent Judgment to protect our client's catalog from future infringement. If the actual infringer is identified and will agree to a Consent Judgment, based on their circumstances we will consider other options.

Sincerely,

Carl D. Crowell
