12 Defendants)

13
14 **MOTIONS (1) TO QUASH SUBPOENA,**
15 **(2) TO DISMISS OR SEVER FOR MISJOINDER, AND**
16 **(3) TO DISMISS OR SEVER FOR LACK OF PERSONAL JURISDICTION**
17

18 I received a notice from my Internet Service Provider (ISP) informing me of a subpoena issued as
19 a result of the Court's Order Granting Plaintiff Leave to Take Early Discovery. (Docket No. 13.) The
20 subpoena seeks my subscriber information in connection with an Internet Protocol (IP) address previously
21 assigned to my household.

22 From accounts of previous defendants of Plaintiff's counsel (Ira M. Siegel), Plaintiff intends to
23 use my contact information, if disclosed, to make persistent settlement demands by mail, email and
24 telephone. These demands are meant to extract a large fee (reportedly around \$2,500) in return for
25 dismissing the Complaint prior to naming me and other defendants publicly in connection with
26 allegations of infringing a pornographic movie, a plainly harmful accusation.

27 Disputing the allegations as a named defendant would involve significant legal costs and other
28 burdens, and the harm of Plaintiff's public accusation of pornography is irreversible regardless of the

1 Complaint's final outcome. Plaintiff calculates that Doe defendants like me will pay settlement fees to
2 avoid legal costs and public embarrassment, notwithstanding the falsehood or truth of the Complaint in
3 each individual situation.

4 As such, and for further reasons described below, I am compelled to make this submission
5 without including personal identifying information. I respectfully request that the Court consider these
6 motions.

7
8 **I. REASONS FOR ANONYMOUS SUBMISSION**

9 Plaintiff's subpoenas for my personal information and that of other John Does are improper for
10 the reasons set forth here. Because the purpose of the subpoena issued to my ISP is to learn my identity,
11 submitting these motions under my real name would give Plaintiff the very information it seeks to learn
12 through the subpoena.

13 Disclosing my John Doe number would invite Plaintiff to take punitive measures when and if
14 Plaintiff ultimately receives my personal information through its subpoenas. Plaintiff seeks to maximize
15 its returns by compelling defendants to pay settlement fees and can be expected to take action against
16 Does like me who file objections with the Court. If Plaintiff links these objections to my identity, I
17 expect to be approached with offers of much higher settlement fees compared to other defendants, and/or
18 targeted for selective prosecution when and if out-of-state Does are severed from this Complaint.

19 Retaining counsel to file these motions while keeping my identity secret would represent an
20 undue financial burden. In addition, disclosing my John Due number through defense counsel would also
21 be expected to attract the forms of retribution explained above.

22 In *On the Cheap, LLC v. Does 1-5001*, Case No. 3:10-CV-04472-BZ (N.D. Cal. Oct. 4, 2010)
23 (another case argued by Plaintiff's counsel that mirrors this Complaint), the court recognized the dilemma
24 faced by out-of-state Doe defendants in my position:

25 The defendants are left with a decision to either accept plaintiff's [settlement]
26 demand or incur significant expense to defend themselves in San Francisco or hire an
27 attorney to do so. This does not comport with the "principles of fundamental fairness"...

1 **II. PLAINTIFF IMPROPERLY JOINS THOUSANDS OF INDIVIDUALS BASED ON**
2 **DISPARATE ALLEGED ACTS**

3 Plaintiff's counsel, the Law Offices of Ira M. Siegel, has filed at least 17 complaints in the
4 Northern District of California alone on behalf of various Plaintiffs over the past year. These other cases
5 mirror the Complaint at hand in all meaningful respects: the complaints involve alleged Internet copyright
6 infringement of pornographic content; they seek to join more than 1,000 John Doe defendants in a single
7 action; the majority of Doe defendants are located outside the state and district where the lawsuit is
8 brought; alleged infringing acts took place over a period of weeks or months; and Plaintiff's counsel
9 requests early discovery prior to a Rule 26 Conference to subpoena ISP subscriber information for Doe
10 defendants.

11 Courts in this district have found in two recent parallel cases argued by Ira M. Siegel that joinder
12 of thousands of individuals accused of filesharing using the BitTorrent protocol (as in this Complaint) is
13 improper. In *Id.*, the court writes before severing all Doe defendants but one:

14 Many courts, including several from this District [the Northern District of
15 California], have already addressed how the joinder rules apply to lawsuits against Doe
16 defendants who are alleged to have acted in concert by using BitTorrent or other similar
17 peer-to-peer (P2P) software to infringe copyright laws. Most recent decisions on this
18 issue have concluded that the use of the BitTorrent protocol does not distinguish these
19 cases from earlier rulings in P2P cases in which courts found that joining multiple Doe
20 defendants was improper since downloading the same file did not mean that each of the
21 defendants were engaged in the same transaction or occurrence.... I agree with the views
22 expressed by these courts and find that plaintiff has not established that joinder would be
23 proper under FRCP 20(a)(2) merely because defendants used BitTorrent to download the
24 same film.

25 Even if plaintiff had satisfied FRCP 20(a)(2)'s conditions for joinder, I would still
26 sever the Doe defendants based on my discretionary authority under FRCP 20(b) and
27 FRCP 21....
28

1 ...For instance, many of the Doe defendants will likely raise different factual and
2 legal defenses. This is apparent from the motions to quash that were filed....

3 Additionally, I find that joinder would be inappropriate for this case because it
4 would violate the "principles of fundamental fairness" and be prejudicial to the
5 defendants.... The majority of Doe defendants are located outside of Northern
6 California....

7 ...plaintiff's desire to enforce its copyright in what it asserts is a cost-effective
8 manner does not justify perverting the joinder rules to first create the management and
9 logistical problems discussed above and then offer to settle with Doe defendants so that
10 they can avoid digging themselves out of the morass plaintiff is creating.

11
12 In *Diabolic Video Productions, Inc. v. Does 1-2099*, Case No. 5:10-CV-05864-PSG (N.D. Cal.
13 Dec. 23, 2010), the court likewise severed all but one Doe defendant, writing:

14 Here, the complaint alleges that 2,099 different defendants reproduced its
15 copyrighted film on at least forty-nine different days. The complaint further alleges that
16 all 2,099 defendants have acted in cooperation with one another "by agreeing to provide,
17 and actually providing, on a P2P network, an infringing reproduction of at least
18 substantial portions of [Plaintiff] Diabolic [Video Productions, Inc.]'s copyrighted
19 Motion Picture, in anticipation of the other Defendants doing likewise with respect to that
20 work and/or other works." ... Diabolic contends that Defendants joined in a common
21 "swarm," or upload and download of the copyrighted work, that qualifies as the single
22 transaction or series of closely-related transactions recognized under [Fed. R. Civ. P.]
23 Rule 20. This court and others, however, have repeatedly held that the mere allegation
24 that defendants have used the same peer-to-peer network to infringe a copyrighted work
25 is insufficient to meet the standards for joinder set forth in Rule 20....

26 IT IS FURTHER ORDERED that Does 2 through 2099 are SEVERED from this
27 action and that the claims against Does 2 through 2,099 be reassigned to an Article III
28 judge. In view of the misjoinder described above, the undersigned respectively

1 recommends that the claims against Does 2 through 2,099 be dismissed without
2 prejudice.

3
4 **III. PLAINTIFF HAS NOT SHOWN THAT THE COURT HAS PERSONAL JURIDICITION**
5 **OVER DOES RESIDING OUTSIDE THE COURT'S DISTRICT**

6 Plaintiff acknowledges in its Ex Parte Application for Leave to Take Limited Discovery Prior to a
7 Rule 26(f) Conference (Docket No. 10) that "more than 1 out of every 7 of the Defendants' IP addresses is
8 physically located in California, and of those, more than 1 out of every 4 is in this judicial district."
9 Exhibit A (attached) shows the approximate city and state locations of each Doe defendant in this
10 Complaint, determined using geolocation tools freely available on the Internet, and confirms Plaintiff's
11 admission that the overwhelming majority of Doe defendants are located outside this judicial district and
12 over 83% outside the state of California altogether.

13 In *On the Cheap, LLC v. Does 1-5001*, Case No. 3:10-CV-04472-BZ (N.D. Cal. Oct. 4, 2010),
14 the court disputed Ira M. Siegel's earlier assertion of a *prima facie* case of jurisdiction (mirroring a similar
15 assertion in this Complaint) before severing all Doe defendants but one:

16 Plaintiff also never addressed how the litigation strategy it adopted is fair to any
17 defendant. Knowing that most defendants were not from this District, plaintiff
18 nonetheless asserted that venue was proper and omitted from the complaint any allegation
19 that would support personal jurisdiction over any defendant.... First, plaintiff asserted
20 that it had alleged a *prima facie* case of jurisdiction, sufficient to allow it to take
21 jurisdictional discovery against the thousands of defendants who are not California
22 residents. Since there are no jurisdictional allegations in the complaint, it is hard to see
23 how plaintiff has made out a *prima facie* case and permitting it to take jurisdictional
24 discovery from thousands of defendants whom it has no reason to believe have any
25 connection with California would violate "principles of fundamental fairness."

26 Plaintiff also asserted that by virtue of their "swarming" activity, the out-of-state
27 defendants have engaged in concerted activity with the California defendants. The
28 problem with this theory is that since plaintiff could have filed this lawsuit in any state,

1 the logical extension would be that everybody who used P2P software such as BitTorrent
2 would subject themselves to jurisdiction in every state. This is a far cry from the
3 requirement that "there be some act by which the defendant purposefully avails itself of
4 the privilege of conducting activities within the forum State," which is the hallmark of
5 specific jurisdiction....

6 Were plaintiff truly desirous of enforcing its copyright in fair fashion, it has
7 options available. For example, had it filed a lawsuit in each of the four districts in
8 California, at a cost of three additional filing fees, it would have eliminated many of the
9 venue and jurisdictional problems discussed above and could have properly asserted to
10 many Doe defendants that they were being sued in a district in which jurisdiction and
11 venue would lie. Whether that would have mitigated the other joinder and management
12 issues discussed earlier is less clear....

13 ...IT IS FURTHER ORDERED as follows:

14 1. All defendants except for Doe 17 [the first listed defendant appearing to reside
15 in the Northern District of California] are hereby SEVERED from this action and
16 dismissed without prejudice.

17
18 **IV. THE COURT SHOULD SEVER ALL DEFENDANTS IMPROPERLY JOINED IN THIS**
19 **COMPLAINT AND QUASH IMPROPER SUBPOENAS**

20 For the reasons stated above, the Court should address this Complaint's improper joinder by
21 severing or dismissing claims against all defendants but one and quashing the subpoenas related to
22 improperly joined Doe defendants. In *Id.*, the court chose to retain the first listed Doe defendant
23 appearing to reside in the court's jurisdiction.

24 In the alternative, the Court should, at a minimum, sever or dismiss claims against all Doe
25 defendants over which the Court does not have personal jurisdiction, and quash the subpoenas related to
26 those Doe defendants, leaving only those Does remaining who appear to reside in the Northern District of
27 California.
