Shawn,

I have received authorization from Mr. Wolf to accept less than the fees he has expended to date. He's got \$26,000 on our tab, and \$5,000 on Contiguglia's tab. That's \$31,000.

If it is Righthaven's position that they will pay nothing unless forced to do so, let us know.

If Righthaven would like to resolve this without further motion practice, let us know.

If Righthaven would like to make an offer of less than \$31,000, Mr. Wolf has said that he would give consideration to any respectful offer.

I do believe that it is your professional duty to substantively respond to this email.
