

1 U.S. 821, 831 (1994). And though this power must be exercised with restraint, the
2 Court has wide latitude in fashioning appropriate sanctions to fit the conduct. *See*
3 *Roadway Express, Inc. v. Piper*, 447 U.S. 752, 764–65 (1980).

4 **B. Rule 11(b)(3) Violations**

5 By presenting a pleading to the Court, an attorney certifies that—after
6 conducting a reasonable inquiry—the factual contentions in the pleading have
7 evidentiary support or, if specifically so identified, will likely have evidentiary
8 support after a reasonable opportunity for further investigation or discovery. Fed. R.
9 Civ. P. 11(b)(3). This precomplaint duty to find supporting facts is “not satisfied by
10 rumor or hunch.” *Bankers Trust Co. v. Old Republic Ins. Co.*, 959 F.2d 677, 683 (7th
11 Cir. 1992). The reasonableness of this inquiry is based on an objective standard, and
12 subjective good faith provides no safe harbor. *Golden Eagle Distrib. Corp. v.*
13 *Burroughs Corp.*, 801 F.2d 1531, 1538 (9th Cir. 1986); *F.D.I.C. v. Calhoun*, 34 F.3d
14 1291, 1296 (5th Cir. 1994); *Knipe v. Skinner*, 19 F.3d 72, 75 (2d Cir. 1994). The
15 Court wields the discretion to impose sanctions designed to “deter repetition of the
16 conduct or comparable conduct by others similarly situated.” Fed R. Civ. P 11(c)(4).

17 In *Ingenuity 13 LLC v. Doe*, No. 2:12-cv-6662-ODW(JCx) (C.D. Cal. filed
18 Aug. 2, 2012), the Court ordered Plaintiff on December 20, 2012, to show cause why
19 it failed to timely serve the Defendant or, if the Defendant has already been served, to
20 submit the proof of service. (ECF No. 12.) In response, Plaintiff noted that the delay
21 was because it waited to receive a response from the subscriber of the IP address
22 associated with the alleged act of infringement. (ECF No. 14.) Plaintiff further noted:
23 “Though the subscriber, David Wagar, remained silent, Plaintiff’s investigation of his
24 household established that Benjamin Wagar was the likely infringer of Plaintiff’s
25 copyright.” (ECF No. 14, at 2.) Based on this investigation, Plaintiff filed an
26 Amended Complaint, substituting Benjamin Wagar for John Doe. (ECF No. 13.)

27 Plaintiff’s Amended Complaint alleges the following in connection with
28 Benjamin Wagar:

- 1 • “Defendant Benjamin Wagar (‘Defendant’) knowingly and illegally
2 reproduced and distributed Plaintiff’s copyrighted Video by acting in
3 concert with others via the BitTorrent file sharing protocol and, upon
4 information and belief, continues to do the same.” (AC ¶ 1);
- 5 • “Defendant is an individual who, upon information and belief, is over the
6 age of eighteen and resides in this District.” (AC ¶ 4);
- 7 • “Defendant was assigned the Internet Protocol (‘IP’) address of
8 96.248.225.171 on 2012-06-28 at 07:19:47 (UTC).” (AC ¶ 4);
- 9 • “Defendant, using IP address 96.248.225.171, without Plaintiff’s
10 authorization or license, intentionally downloaded a torrent file particular
11 to Plaintiff’s Video, purposefully loaded that torrent file into his
12 BitTorrent client—in this case, Azureus 4.7.0.2—entered a BitTorrent
13 swarm particular to Plaintiff’s Video, and reproduced and distributed the
14 Video to numerous third parties.” (AC ¶ 22);
- 15 • “Plaintiff’s investigators detected Defendant’s illegal download on 2012-
16 06-28 at 07:19:47 (UTC). However, this is a [*sic*] simply a snapshot
17 observation of when the IP address was *observed* in the BitTorrent
18 swarm; the conduct took itself [*sic*] place before and after this date and
19 time.” (AC ¶ 23);
- 20 • “The unique hash value in this case is identified as
21 F016490BD8E60E184EC5B7052CEB1FA570A4AF11.” (AC ¶ 24.)

22 In a different case, *Ingenuity 13 LLC v. Doe*, No. 2:12-cv-6668-ODW(JCx)
23 (C.D. Cal. filed Aug. 2, 2012), Plaintiff essentially makes the same response to the
24 Court’s December 20, 2012 Order To Show Cause (ECF No. 12): “Though the
25 subscriber, Marvin Denton, remained silent, Plaintiff’s investigation of his household
26 established that Mayon Denton was the likely infringer of Plaintiff’s copyright.”
27 (ECF No. 13, at 2.) And based on this information, Plaintiff filed an Amended
28 Complaint (ECF No. 16), similar in all respects to the one filed against Benjamin

1 Wagar in *Ingenuity 13 LLC v. Doe*, No. 2:12-cv-6662-ODW(JCx) (C.D. Cal. filed
2 Aug. 2, 2012), with the following technical exceptions:

- 3 • “Defendant was assigned the Internet Protocol (‘IP’) address of 75.128.55.44
4 on 2012-07-04 at 07:51:30 (UTC).” (AC ¶ 4);
- 5 • “Defendant . . . purposefully loaded that torrent file into his BitTorrent
6 client—in this case, µTorrent 3.1.3” (AC ¶ 22);
- 7 • “The unique hash value in this case is identified as
8 0D47A7A035591B0BA4FA5CB86AFE986885F5E18E.” (AC ¶ 24.)

9 Upon review of these allegations, the Court finds two glaring problems that
10 Plaintiff’s technical cloak fails to mask. Both of these are obvious to an objective
11 observer having a working understanding of the underlying technology.

12 *1. Lack of reasonable investigation of copyright infringement activity*

13 The first problem is how Plaintiff concluded that the Defendants actually
14 downloaded the entire copyrighted video, when all Plaintiff has as evidence is a
15 “snapshot observation.” (AC ¶ 23.) This snapshot allegedly shows that the
16 Defendants were downloading the copyrighted work—at least at that moment in time.
17 But downloading a large file like a video takes time; and depending on a user’s
18 Internet-connection speed, it may take a long time. In fact, it may take so long that the
19 user may have terminated the download. The user may have also terminated the
20 download for other reasons. To allege copyright infringement based on an IP
21 snapshot is akin to alleging theft based on a single surveillance camera shot: a photo
22 of a child reaching for candy from a display does not automatically mean he stole it.
23 No Court would allow a lawsuit to be filed based on that amount of evidence.

24 What is more, downloading data via the Bittorrent protocol is not like stealing
25 candy. Stealing a piece of a chocolate bar, however small, is still theft; but copying an
26 encrypted, unusable piece of a video file via the Bittorrent protocol may not be
27 copyright infringement. In the former case, some chocolate was taken; in the latter
28 case, an encrypted, unusable chunk of zeroes and ones. And as part of its prima facie

1 copyright claim, Plaintiff must show that Defendants copied the copyrighted work.
2 *Feist Publ'ns, Inc. v. Rural Tel. Serv. Co.*, 499 U.S. 340, 361 (1991). If a download
3 was not completed, Plaintiff's lawsuit may be deemed frivolous.

4 In this case, Plaintiff's reliance on snapshot evidence to establish its copyright
5 infringement claims is misplaced. A reasonable investigation should include evidence
6 showing that Defendants downloaded the entire copyrighted work—or at least a
7 usable portion of a copyrighted work. Plaintiff has none of this—no evidence that
8 Defendants completed their download, and no evidence that what they downloaded is
9 a substantially similar copy of the copyrighted work. Thus, Plaintiff's attorney
10 violated Rule 11(b)(3) for filing a pleading that lacks factual foundation.

11 2. *Lack of reasonable investigation of actual infringer's identity*

12 The second problem is more troublesome. Here, Plaintiff concluded that
13 Benjamin Wagar is the person who illegally downloaded the copyrighted video. But
14 Plaintiff fails to allege facts in the Amended Complaint to show how Benjamin Wagar
15 is the infringer, other than noting his IP address, the name of his Bittorrent client, and
16 the alleged time of download.² Plaintiff's December 27, 2012 Response to the Court's
17 Order to Show Cause re Lack of Service sheds some light:

18 Though the subscriber, David Wagar, remained silent, Plaintiff's
19 investigation of his household established that Benjamin Wagar was the
20 likely infringer of Plaintiff's copyright. As such, Plaintiff mailed its
21 Amended Complaint to the Court naming Benjamin Wagar as the
22 Defendant in this action. (ECF No. 14, at 2.)

22 The disconnect is how Plaintiff arrived at this conclusion—that the actual infringer is
23 a member of the subscriber's household (and not the subscriber himself or anyone
24 else)—when all it had was an IP address, the name of the Bittorrent client used, the
25 alleged time of download, and an unresponsive subscriber.

26 _____
27 ² This analysis similarly applies in *Ingenuity 13 LLC v. Doe*, No. 2:12-cv-6668-ODW(JCx) (C.D.
28 Cal. filed Aug. 2, 2012), where Plaintiff fails to allege sufficient facts to show how Mayon Denton is
the infringer.

1 Plaintiff's December 27, 2012 Discovery Status Report gives additional insight
2 into Plaintiff's deductive process:

3 In cases where the subscriber remains silent, Plaintiff conducts
4 investigations to determine the likelihood that the subscriber, or someone
5 in his or her household, was the actual infringer. . . . For example, if the
6 subscriber is 75 years old, or the subscriber is female, it is statistically
7 quite unlikely that the subscriber was the infringer. In such cases,
8 Plaintiff performs an investigation into the subscriber's household to
9 determine if there is a likely infringer of Plaintiff's copyright. . . .
Plaintiff bases its choices regarding whom to name as the infringer on
factual analysis. (ECF No. 15, at 24.)

10 The Court interprets this to mean: if the subscriber is 75 years old or female, then
11 Plaintiff looks to see if there is a pubescent male in the house; and if so, he is named
12 as the defendant. Plaintiff's "factual analysis" cannot be characterized as anything
13 more than a hunch.

14 Other than invoking undocumented statistics, Plaintiff provides nothing to
15 indicate that Benjamin Wagar is the infringer. While it is plausible that Benjamin
16 Wagar is the infringer, Plaintiff's deduction falls short of the reasonableness standard
17 required by Rule 11.

18 For instance, Plaintiff cannot show that Benjamin is the infringer instead of
19 someone else, such as: David Wagar; other members of the household; family guests;
20 or, the next door neighbor who may be leeching from the Wagar's Internet access.
21 Thus, Plaintiff acted recklessly by naming Benjamin Wagar as the infringer based on
22 its haphazard and incomplete investigation.

23 Further, the Court is not convinced that there is no solution to the problem of
24 identifying the actual infringer. Here, since Plaintiff has the identity of the subscriber,
25 Plaintiff can find the subscriber's home address and determine (by driving up and
26 scanning the airwaves) whether the subscriber, (1) has Wi-Fi, and (2) has password-
27 protected his Wi-Fi access, thereby reducing the likelihood that an unauthorized user
28 outside the subscriber's home is the infringer. In addition, since Plaintiff is tracking a

1 number of related copyrighted videos, Plaintiff can compile its tracking data to
2 determine whether other copyrighted videos were downloaded under the same IP
3 address. This may suggest that the infringer is likely a resident of the subscriber's
4 home and not a guest. And an old-fashioned stakeout may be in order: the presence of
5 persons within the subscriber's home may be correlated with tracking data—the
6 determination of who would have been in the subscriber's home when the download
7 was initiated may assist in discovering the actual infringer.

8 Such an investigation may not be perfect, but it narrows down the possible
9 infringers and is better than the Plaintiff's current investigation, which the Court finds
10 involves nothing more than blindly picking a male resident from a subscriber's home.
11 But this type of investigation requires time and effort, something that would destroy
12 Plaintiff's business model.

13 The Court has previously expressed concern that in pornographic copyright
14 infringement lawsuits like these, the economics of the situation makes it highly likely
15 for the accused to immediately pay a settlement demand. Even for the innocent, a
16 four-digit settlement makes economic sense over fighting the lawsuit in court—not to
17 mention the benefits of preventing public disclosure (by being named in a lawsuit) of
18 allegedly downloading pornographic videos.

19 And copyright lawsuits brought by private parties for damages are different
20 than criminal investigations of cybercrimes, which sometimes require identification of
21 an individual through an IP address. In these criminal investigations, a court has some
22 guarantee from law enforcement that they will bring a case only when they actually
23 have a case and have confidently identified a suspect. In civil lawsuits, no such
24 guarantees are given. So, when viewed with a court's duty to serve the public interest,
25 a plaintiff cannot be given free rein to sue anyone they wish—the plaintiff has to
26 actually show facts supporting its allegations.

27 ///

28 ///

1 **C. Local Rule 83-3 Violations**

2 Under Local Rule 83-3, the Court possesses the power to sanction attorney
3 misconduct, including: disposing of the matter; referring the matter to the Standing
4 Committee on Discipline; or taking “any action the Court deems appropriate.”
5 L.R. 83-3.1. This includes the power to fine and imprison for contempt of the Court’s
6 authority, for: (1) misbehavior of any person in its presence or so near thereto as to
7 obstruct the administration of justice; (2) misbehavior of any of its officers in their
8 official transactions; or, (3) disobedience or resistance to its lawful writ, process,
9 order, rule, decree, or command. 18 U.S.C. § 401.

10 The Court is concerned with three instances of attorney misconduct. The first
11 and second instances are related and concern violating the Court’s discovery order.
12 The third instance concerns possible fraud upon the Court.

13 *1. Failure to comply with the Court’s discovery order*

14 In *AF Holdings LLC v. Doe*, No. 2:12-cv-6636-ODW(JCx) (C.D. Cal. filed
15 Aug. 1, 2012) and *AF Holdings LLC v. Doe*, No. 2:12-cv-6669-ODW(JCx) (C.D. Cal.
16 filed Aug. 2, 2012), the Court ordered Plaintiff to “cease its discovery efforts relating
17 to or based on information obtained through any abovementioned Rule 45
18 subpoenas.” (ECF No. 13, at 1; ECF No. 10, at 1.) Further, Plaintiff was required to
19 name all persons that were identified through any Rule 45 subpoenas. (*Id.*)

20 Plaintiff responded on November 1, 2012, and indicated that it did not obtain
21 any information about the subscribers in both of these cases. (ECF No. 10, at 6–7,
22 10.)³ But in response to the Court’s subsequent Orders to Show Cause, Plaintiff not
23 only named the subscribers, but recounted its efforts to contact the subscriber and find
24 additional information. (ECF No. 15; ECF No. 18.)

25 This conduct contravenes the Court’s order to cease discovery. Plaintiff has
26 provided no justification why it ignored the Court’s order.

27 _____
28 ³ This response was filed in *AF Holdings LLC v. Doe*, No. 2:12-cv-5709-ODW(JCx) (C.D. Cal. filed
July 2, 2012).

2. *Fraud on the Court*

Upon review of papers filed by attorney Morgan E. Pietz, the Court perceives that Plaintiff may have defrauded the Court. (ECF No. 23.)⁴ At the center of this issue is the identity of a person named Alan Cooper and the validity of the underlying copyright assignments.⁵ If it is true that Alan Cooper’s identity was misappropriated and the underlying copyright assignments were improperly executed using his identity, then Plaintiff faces a few problems.

First, with an invalid assignment, Plaintiff has no standing in these cases. Second, by bringing these cases, Plaintiff’s conduct can be considered vexatious, as these cases were filed for a facially improper purpose. And third, the Court will not idle while Plaintiff defrauds this institution.

D. Conclusion

Accordingly, the Court hereby **ORDERS** Brett L. Gibbs, **TO SHOW CAUSE** why he should not be sanctioned for the following:

- In *AF Holdings LLC v. Doe*, No. 2:12-cv-6636-ODW(JCx) (C.D. Cal. filed Aug. 1, 2012), violating the Court’s October 19, 2012 Order instructing AF Holdings to cease its discovery efforts based on information obtained through any earlier-issued subpoenas;
- In *AF Holdings LLC v. Doe*, No. 2:12-cv-6669-ODW(JCx) (C.D. Cal. filed Aug. 2, 2012), violating the Court’s October 19, 2012 Order instructing AF Holdings to cease its discovery efforts based on information obtained through any earlier-issued subpoenas;

///

⁴ Although the papers revealing this possible fraud were filed in *Ingenuity 13 LLC v. Doe*, No. 2:12-cv-8333-ODW(JCx) (C.D. Cal. filed Sept. 27, 2012), this fraud, if true, was likely committed by Plaintiff in each of its cases before this Court.

⁵ For example, in *AF Holdings LLC v. Doe*, No. 2:12-cv-6669-ODW(JCx) (C.D. Cal. filed Aug. 2, 2012), Plaintiff filed a copyright assignment signed by Alan Cooper on behalf of Plaintiffs. (ECF No. 16-1.)

- 1 • In *Ingenuity 13 LLC v. Doe*, No. 2:12-cv-6662-ODW(JCx) (C.D. Cal.
2 filed Aug. 2, 2012), violating Rule 11(b)(2) by:
 - 3 ○ alleging copyright infringement based on a snapshot of Internet
 - 4 activity, without conducting a reasonable inquiry; or,
 - 5 ○ alleging that Benjamin Wagar is the infringer, without conducting
 - 6 a reasonable inquiry;
- 7 • In *Ingenuity 13 LLC v. Doe*, No. 2:12-cv-6668-ODW(JCx) (C.D. Cal.
8 filed Aug. 2, 2012), violating Rule 11(b)(2) by:
 - 9 ○ alleging copyright infringement based on a snapshot of Internet
 - 10 activity, without conducting a reasonable inquiry; or,
 - 11 ○ alleging that Mayon Denton is the infringer, without conducting a
 - 12 reasonable inquiry;
- 13 • In *Ingenuity 13 LLC v. Doe*, No. 2:12-cv-8333-ODW(JCx) (C.D. Cal.
14 filed Sept. 27, 2012), perpetrating fraud on the Court by
15 misappropriating the identity of Alan Cooper and filing lawsuits based
16 on an invalid copyright assignment.

17 This order to show cause is scheduled for hearing on March 11, 2013, at 1:30
18 p.m., to provide Mr. Gibbs the opportunity to justify his conduct. Based on the
19 unusual circumstances of this case, the Court invites Morgan E. Pietz to present
20 evidence concerning the conduct outlined in this order. The Court declines to sanction
21 Plaintiffs AF Holdings LLC and Ingenuity 13 LLC at this time for two reasons:
22 (1) Mr. Gibbs appears to be closely related to or have a fiduciary interest in Plaintiffs;
23 and; (2) it is likely Plaintiffs are devoid of assets.

24 If Mr. Gibbs or Mr. Pietz so desire, they each may file by February 19, 2013, a
25 brief discussing this matter. The Court will also welcome the appearance of Alan
26 Cooper—to either confirm or refute the fraud allegations.

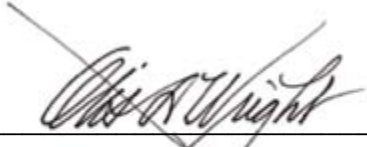

27 Based on the evidence presented at the March 11, 2013 hearing, the Court will
28 consider whether sanctions are appropriate, and if so, determine the proper
