Dear United States Magistrate Judge MICHAEL T. MASON
My name is EVERS MICHEL, I'm writing this letter regarding Charter my cable provider receive a subpoena regarding my IP address that someone may be using my IP address for copyright infringement by sharing copyrighted files. To make sure exactly was this letter subpoena Charter receive, I gave them a call and explain to them I don't have anything to do with that, the employer at Charter explain to me because I have a wireless network that is not secure anyone within 150 yards could access my router and share files and it will show my IP address and I need to secure my network. This letter is about this company Millennium TGA Inc they want my personal information releasing to them from my cable company Charter Inc. I object

that type of demand about my personal
 informations releasing to some company
 I dont know anything about and another reason
 I dont want any company or person to have my
 informations. I received an email which
 look like it came from well Fargo's which
 is the bank company I bank with in that email
 they want me to click on a link and give them some
 info. when I called my bank they said they
 did not send me that email and I had to
 forward that email to reportphish@wellsfargo.com
 I dont want charter to release my infor-
 mations to any company or anyone please
